Meet Trevor Gatcomb: The DHA’s Newest FSS Counselor!

“Hello, I’m Trevor Gatcomb, the new FSS Counselor. To give you a little background on me, I have previously worked on the Assertive Community Treatment Teams for both Community Partners, and more recently, for Greater Nashua Mental Health. I started at the DHA back in July and so far, I have felt very welcomed. I look forward to meeting with you and if you have any questions about the program or are interested in signing up, please feel free to reach out! “

Now is the time to join the Family Self-Sufficiency Program! Although the FSS program is an employment-based program you do not need to be working to join FSS. Some of the ways FSS can help include: Employment, Educational Trainings, Credit Repair, Budgeting, Paths towards Homeownership, Help with removing barriers towards financial self-sufficiency, and many other resources. One of the biggest benefits of the FSS program is the escrow savings account. When the household portion of the rent increases because of an increase in earned income, a portion of the difference between the old and the new rent amount is put into an interest earning savings account for you. **Our 88 participants currently have \$375,875.74 in combined escrow.** Their hard work is paying off and yours can too! Interested in joining the FSS program? Contact either: Deb Nace at 603-742-5804 x128; dance@doverhousingauthority.org or Trevor Gatcomb at 603-742-5804 x129; trevor@doverhousingauthority.org
